ABSTRACT DEADLINE APPROACHING

You have only **1 month left** to submit your abstract! Stand among the thought-leaders of your field and exchange the latest findings in **paint, paint raw materials and coatings science and technology** at [ETCC 2018](#) by submitting your abstract today.

ABSTRACT TOPICS

Abstracts can be submitted for one of the following topics:

- New binders technology and chemistry
- New concepts for smart coatings
- Science now... Coatings of the future
- Energy/eco efficient methods: curing and catalysis
- Powder coatings
- Performance coatings
- Architectural & construction materials
- Marine coatings

- Functional coatings
- Waterborne technology
- Durability and corrosion protection
- Special additives and biocides
- Pigments, colloids and fillers
- New methods for production, characterization and testing
- Bio-based, sustainable technologies
- Inks, adhesives and sealants
- Legislation and LCA
- Others

Abstract Submission deadline: 13 December 2017

[Submit your Abstract](#)

PROGRAM-AT-A-GLANCE

The scientific program will foster **technical and scientific discussions** through several parallel sessions and posters presentation sessions. Furthermore, a special parallel session will be organized focusing on **scientific backgrounds of the newest technological developments relevant to coatings**.
